London, & Online

Please see our
[Registration Page](#) for
more details.

**The second European Paediatric
Oncology Critical Care (EPOCC)
will be our first hybrid meeting.**

It will take this fast-developing specialist field and explore the latest in organ support during periods of critical illness for children with the complications of Haemato-Oncological Disease and its treatment -including new therapies, stem cell transplant and surgery.

Open to nurses, doctors,
surgeons, AHPs and all who
work in Paediatric Oncology
& Paediatric Critical Care

Course Directors:

Dr Joe Brierley
Great Ormond Street Hospital

Dr Roelie Wösten-Van Asperen
Wilhelmina Children's Hospital
